

Willie Montague has never let up in the fight for conservatism in the 20 years he's been engaged in the Republican Party. Willie seeks to reform the Republican Party to become more than the weak establishment's country club. He wants America First policies in every office and every state, from strong national borders and sovereignty to local parental control of school boards.

If it's running the Teenage Republican Club at 14 years old in North Carolina, establishing the Black Republican Association in Tulsa, Oklahoma circa 2010, or running for Congress as the most conservative candidate in Orange County, Florida, Willie never backs down from promoting America First values, just like President Trump.

In fact, Willie Montague has been called the Donald Trump of Orange County by many allies and DETRACTORS alike and even wears it as a badge of courage in his fight for the very soul of our nation.

An ordained minister of the gospel of Jesus Christ since his 20s, Willie understands that this nation was born of God and must return to its Christian roots if it is to survive. Our founders quoted the Bible more than any other text.

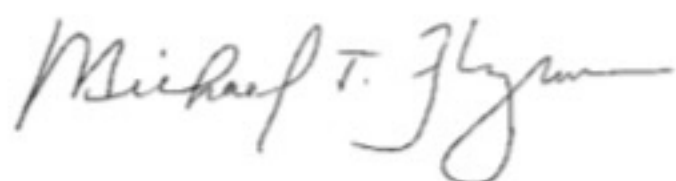

The U.S. Revolution was often led by pastors from the pulpit which is why Willie seeks to protect not only the 1st Amendment vigorously, but the entire Bill of Rights. Ministers of the Black Robe Regiment espoused liberty to the public and fomented the burgeoning American Revolution.

Today Willie Montague unites a wide coalition of conservatives from across the nation to lead the second American Revolution, a peaceful revolution of thought, political action, and the goal of restoration of the U.S. Constitution via the ballot box.

Willie Montague is committed to neutralization of the political and social tinderbox violent leftists have hoisted upon our great nation but needs your support to make it happen.

I strongly and wholeheartedly endorse Willie Montague to represent Florida's 10th Congressional District. Visit TeamWillie.com to learn more!

Sincerely,

Michael T. Flynn
LTG, US Army (Retired)
